The Student Printing Challenge

Common Campus Printing Problems

- Students and campus users struggle with slow, inconvenient print services
- Long queues and unreliable campus printers cause delays
- Need for quick, reliable printing and stationery access on or near campus

PrintHub answers this with next-day delivery and easy online ordering.

What is PrintHub?

Print Solutions

A web platform where users upload PDFs or images to print, ready for next-day pickup at college

Stationery Store

Also offers convenient online purchase of stationery items with the same simple process

Target Users

Designed for students, faculty, and anyone needing fast, quality print solutions

Three User Roles, One Seamless Experience

Technology Powering PrintHub

Next.js & TypeScript

Built with Next.js and TypeScript for a fast, scalable, and modern web experience with type safety and performance optimization

Pinata Cloud Storage

Cloud storage via Pinata ensures secure, decentralized file handling with IPFS technology for maximum reliability

Vercel Hosting

Hosted on Vercel for reliable global performance and instant deployments with edge network optimization

Neon Database

Neon database provides robust, scalable backend data management with serverless PostgreSQL capabilities

How It Works: Simple & Fast

Upload Files

Upload your PDF or image file on the website with our intuitive drag-and-drop interface

Choose Options

Choose print options or stationery items from our comprehensive catalog with pricing transparency

Secure Payment

Place your order and pay securely through our encrypted payment gateway (in development)

Next-Day Pickup

Collect your printed materials or stationery at college the next day from designated pickup points

Security & Reliability You Can Trust

Secure File Storage

Files stored securely with Pinata's decentralized cloud storage, ensuring data integrity and privacy

User Authentication

User authentication and role-based access control protect data and operations with industry-standard security

Real-Time Tracking

Real-time order tracking and notifications keep users informed throughout the entire process

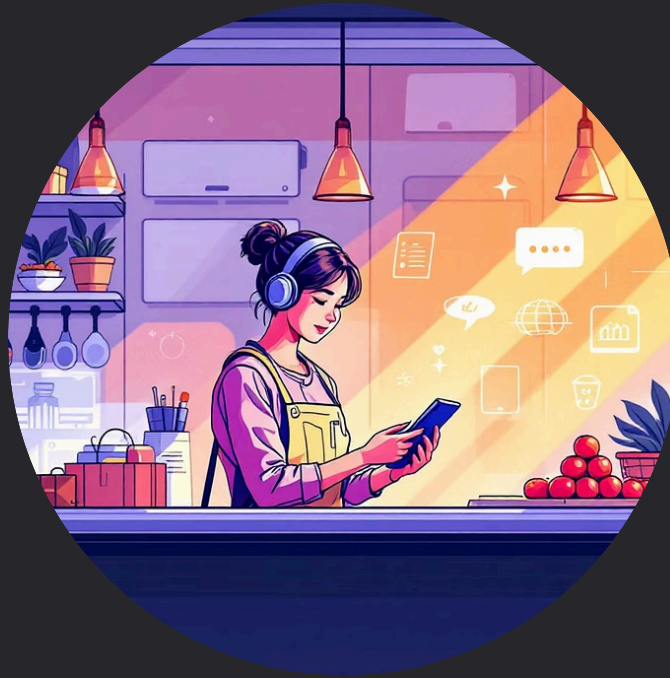

Built with enterprise-grade security protocols and encrypted data transmission for complete peace of mind.

PrintHub in Action: Real User Benefits

Time Savings for Students

Saves students hours waiting in queues or traveling off-campus, allowing more time for studying and activities

Business Growth

Enables campus shops to expand sales with minimal overhead, increasing revenue through digital transformation

Enhanced Operations

Admins gain full visibility and control, reducing errors and delays while improving overall service quality

The Future of Campus Printing

Mobile Integration

Plans to integrate mobile app support for on-the-go uploads and enhanced user experience

Loyalty Programs

Introduce subscription models and loyalty rewards for frequent users with exclusive discounts and perks

The screenshot shows a web browser window with the URL `https://print-hub-speed.vercel.app/users`. The page has a dark theme and a top navigation bar with two tabs: "Admin" (highlighted in orange) and "Shopkeeper". The main content area is titled "Admin Login" and features a password input field with the placeholder text "Enter admin password". Below the input field are two buttons: "Clear" and "Login" (highlighted in orange). The page is flanked by two vertical sidebars containing icons for home, calendar, cube, plus, and user profile on the left, and information, mail, document, settings, and moon (theme toggle) on the right. At the bottom, there is a footer with links to "Terms of Service" and "Privacy Policy", a "Contact support" link, an "About us" link, and a copyright notice: "© 2025 Print Hub. All rights reserved."
